

Autism Spectrum Disorder & Mental Health Technician

APPLY NOW BY SENDING YOUR RESUME!

Lifeworks is currently hiring Autism Spectrum Disorder & Mental Health Technician to be a part of our growing and dynamic team! As the Autism & Mental Health Technician, you will work in homes, vocational settings, and broader communities to positively impact the lives of adults with Autism. At Lifeworks, you will gain an immersive clinical experience working alongside professionals who strive daily to address the neurodevelopmental and mental health symptoms of service recipients.

For professionals seeking a fulfilling and challenging work experience that will propel them toward a career in healthcare, psychology, behavior analysis, psychiatry, social work, counseling, education, nursing, public health, speech, occupational, or physical therapy, the Autism & Mental Health Technician role may be a great fit.

At Lifeworks, **we offer a \$2000 sign on bonus and the opportunity to consistently grow your salary.** We offer paid training as well as opportunities for you to advance your career through direct mentorship, flexible hours, and great field work experience. We also offer supervision hours for BCBA and BCaBA candidates.

Responsibilities Include

- Provide managed care, support and training for consumers in the areas of vocation, functional daily living skills, community integration, communication, social skills and general wellness.
- Assure the safety and well-being of each individual while promoting independence and respecting each individual's choices, needs and rights.
- Plan and organize daily activities to optimize programming for consumers.
- Aid in the management and modeling of socially acceptable alternatives to negative and destructive behavior.
- Protect consumers from physical and emotional harm emanating from themselves, others or the environment.
- Properly handle emergencies such as injuries and acting-out situations.
- Role model pro-social, mediation and self-management skills.

Qualifications

- Pursuing and obtained Bachelor's Degree in Psychology, Applied Behavior Analysis, Special Education or related field.
- Sensitivity in relating to persons of varying backgrounds and demonstrate ability to work with diverse groups of people possessing various strengths, aptitudes and abilities.
- Ability to perform job responsibilities with a high degree of initiative and independent judgment.
- Must be at least 21 years old in order to apply.
